Summary

Full Stack Developer with strong Python skills, experienced in databases and modern frontend technologies. Skilled in building clean, efficient, and scalable applications, automating workflows, and quickly adapting to collaborative environments.

Experience

FullStack Developer

Coimbatore
MAY 2025-Present

Digital 2 Design

- Developed full-stack web applications from UI design to backend deployment for real-time client websites and internal projects.
- Worked with cross functional teams to complete projects on time.
- Followed company standards and collaborated with team members.
- Gained hands on experience in real world development workflows under senior developer guidance.
- Learned and implemented responsive design techniques using HTML, CSS and JavaScript.

Projects

AGRI ASSIST - Smart Crop System Reporter

Tech Stack : Python , MYSQL

- Developed a python based CLI application to assist farmers in identifying crop diseases.
- Integrated a MySQL database to store crop disease details and treatment recommendations.
- Focused on offline usability to support farmers in rural areas with limited internet access.
- Improved understanding of problem solving, database design, and backend logic.

Code 369 Academy Website

Tech Stack : React, JavaScript, HTML5, CSS3

Live Site : code369.in

- A frontend project built using reusable UI components for better code structure and maintainability.
- Implemented responsive layouts for mobile, tablet, and desktop devices.
- Focused on improving user experience through clean layout and smooth interactions.
- Worked independently while coordinating with the client for feedback and changes.
- Gained practical experience in handling real world live website from development to deployment.

Education

Sri Shakthi Institute Of Engineering And Technology

B.Tech Agricultural Engineering
(2021-2025)
CGPA - 7.99

PSGR Krishnammal Higher Secondary School

- Grade X - 77.2% (2019)
- Grade XII - 82.7% (2021)

Skills

- Python
